PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 344.—In re Union Stock Yards Co. of Omaha, Ltd., Omaha, Nebr. This proceeding is a general inquiry under the packers and stockyards act into the lawfulness of the rates and charges of respondent for stockyard services rendered by it at its stockyards at Omaha, and was initiated by an order of inquiry issued by the Acting Secretary of Agriculture on March 13, 1931. A hearing was held from January 13 to March 1, 1932. Oral argument was had before the Acting Secretary on September 19 and 20, and on November 17, 1932, respondent's counsel filed a brief. As a result of this inquiry, it was found that the existing schedules of the Union Stock Yards Co. of Omaha contain rates and charges which are unreasonable and unjustly discriminatory. The Acting Secretary on March 1, 1933, issued an order prescribing maximum reasonable rates and charges for services rendered by the respondent company to be effective in 45 days from date of the order.

Docket No. 383.—In re Alexander, Conover & Co., and other market agencies at the St. Louis National Stockyards, National Stockyards, Ill. The Acting Secretary of Agriculture, on March 1, 1932, issued an inquiry and directed that a hearing be held for the purpose of determining the lawfulness of any and all rates and charges of respondents and of any rule, regulation, or practice affecting the same, or the lawfulness of permitting the rendering of any stockyard service without making a lawful charge therefor. A hearing was held from June 13 to July 2, 1932. Oral argument was had before the Acting Secretary on September 8, 1932. As a result of this inquiry, it was found that existing tariffs of respondent market agencies contain rates and charges which are unreasonable. The Acting Secretary on February 28, 1933, issued an order prescribing schedules of just and reasonable rates to be effective 30 days from the date of the order. On March 21, 1933, the effective date was extended 10 days.
